Cookstown 028 8676 3319

Campsie 028 7186 0708

### **Step 2: Choose your items**

Have a look around the store to get a feel for the things that you like and can visualise in your home.

Then guided by your personal Wedding Advisor, move around the shop floor discussing lifestyle requirements and selecting your wedding gift list. Your Wedding Advisor will take a note of everything you choose for your list.

## During Your List

### **Helpful Hints**

Your Wedding Advisor will draw attention to practical things that you may not have thought of for your list.

It is a good idea when creating your list to have a wide range of products at various prices for your “all day guests” and your “evening guests”. This way all your guests will be able to buy a gift regardless of budget.

We know that some brides feel it is a bit presumptuous to add expensive items to their list. In our experience we find that you shouldn't deny guests the opportunity to buy expensive items as in reality they often sell first. Guests often club together to buy gifts while keeping their own budget in mind. That's it – Easy!

Having chosen your gifts the Wedding Advisor will then set to work taking the chosen gifts out of stock, arranging them in The Wedding Room and ordering anything that is currently out of stock.

We arrange your list in our Wedding Room so your guests can easily see everything that you have chosen before they make their purchase and upload your list online for you and your guests to see.

## For Peace Of Mind

We know that you may change your mind over certain products or feel that you want to add more to your list.

You can keep track of your list on our website and if you change your mind about a particular product or want to add on more, you can contact us by phone, email or call into the shop and we will be more than happy to amend your list.

When an item is purchased from your list, the item description and images will still appear on the site but the option to buy will be removed to eliminate the chances of you receiving two items the same.

When it comes to buying a gift your guests have three options:

### **In Store:**

Your guests can call into our store and a Wedding Advisor will accompany your guests to our Wedding Room to view the items and explain the pricing and discounts available to them.

### **Online:**

Your guests can choose the perfect gift online from the comfort of their own home at anytime.

They can add as many items into their basket as they wish and use our secure online payment system to purchase your wedding gift. They will only see discounted prices throughout the website. Discount is not applied at checkout.

### **By Telephone:**

Our Wedding Advisors are on hand to take calls from guests wishing to purchase gifts or gift cards by phone.

Once bought a Wedding Advisor will take those items off the list and set aside to either be picked up instore or delivered to the bride/groom.

## Thinking Outside The Box

CFC Interiors know that planning a wedding can be a stressful time and as such we try to offer more to help you prepare for your big day.

### **Everlasting Flowers**

Many brides lean towards fresh flowers for their big day but with artificial flowers you have a momento that will last forever.

We have a wide selection of flowers in various colours and styles available for you to choose from. Your options are limitless as you are not restricted by season.

Unsure of what design you want? Speak to one of our experts and they will help arrange bouquets that perfectly match the colour scheme for your big day.

### **Gift Cards**

If you have already set up home together, chances are you may already have a toaster and a kettle – so your Wedding List is your opportunity to upgrade or allow someone to treat you to the things that you would not normally splash out on.

However if you do feel you are limited to what you would like to put on your list, CFC Giftcards are the perfect solution. These gift cards can be used in any department of the shop and therefore can be used to carpet a room or buy a new bed etc.

Your gift card can have any amount added to it.

Similarly if you haven't found the home of your dreams yet or are building, gift cards are a great way of saving money to put into your new home and ensure that your guests have helped you set up home.

### **Informing Your Guests**

Once your gift list has been organised and arranged, your Wedding Advisor will offer you Wedding List Service Cards which you can send out along with your invitations. This is a great way to let your guests know that you have a wedding gift list in CFC.

## Delivery of Your Gifts

At CFC we know once the honeymoon is over, the hard work really begins as you may have a lot of unpacking and organising to do as you begin your new life as husband and wife.

We try our best to help make this transition run as smoothly as possible and offer complimentary delivery of your wedding gifts on a set date that suits both our delivery personnel and yourselves.

Our delivery is scheduled well in advance and we ask you to contact us approximately two weeks before you would like your delivery and our team will add your delivery onto our schedule. It's up to you if we deliver before or after your big day.

For security reasons we do ask that someone be present at the address to sign for the items for both your and our peace of mind.

## Our Gift To You

As a special thank you we offer each bride and groom a 5% credit back on the total spend on their wedding list.

After your list has been finalised we will automatically add this 5% onto your account as a credit and will write to you with the amount. It can be spent in any department of our 3 branches.

We also enclose a short questionnaire. In which you can provide us with feedback about the service you have received, as we are constantly checking and trying to improve our standards.
